## A Teachable Moment

LESSONS FOR WISCONSIN'S GOVERNOR

MATH

IF YOU TAKE A HYPOTHETICAL  
BALANCED BUDGET AND  
SUBTRACT \$140 MILLION IN SPENDING  
ON YOUR OWN DUBIOUS PET PROJECTS...

$$\begin{array}{r} 0 \\ -140,000,000 \\ -140,000,000 \\ \hline \end{array}$$

YOU GET A BIG  
NEGATIVE NUMBER.

PHILOSOPHY

IF A GOVERNOR INTENTIONALLY  
CAUSES A BUDGET SHORTFALL OUT  
OF SOME KIND OF "STARVE THE  
BEAST" IDEOLOGY, THEN IT DOES  
NOT FOLLOW THAT  
PUBLIC EMPLOYEES  
ARE TO BLAME.

THAT'S  
ILLOGICAL.

HISTORY

UNION-BUSTING HAS A  
LONG HISTORY IN THE U.S.,  
DATING BACK TO THE  
INDUSTRIAL REVOLUTION.

THIS IS SIMPLY  
PART OF THAT TIME-  
TESTED STRATEGY  
FAVORED BY  
MONEYED ELITES.

Note to self:  
After budget  
fight ends,  
revise school  
textbooks.
